

Barkeep – FAQ – Hardware Requirements

What hardware do I need to run Barkeep?

- **BarkeepApp** – BarkeepApp v8.0 requires **iOS** version 12.0 or later (**iPad, iPhone, or iPod Touch**). It is the only hardware that you need to run BarkeepApp. An iOS Device with a built-in camera will enable you to scan barcodes.

Optional Equipment:

Scanners¹ – Optional equipment includes the **NexusConnect** and **Linea Pro** and to scan the barcodes on bottles.

Note: Not every model of the optional scanners listed above is supported by Barkeep.

Only scanners purchased via barkeepapp.com are certified to work with BarkeepApp.

Please refer Barkeep support for a detailed list of **Optional Equipment**.

Digital Scale with Bluetooth

If you would like to have BarkeepApp automatically detect the weight of partial bottles using **Bluetooth**, you must purchase a certified **Bluetooth** digital scale via barkeepapp.com.

The **Etekcity Luminary Smart Nutrition Scale** is the **Bluetooth** scale that is designed to exclusively work with BarkeepApp. The **Etekcity Luminary** digital scale does not require an additional scanner and will work with any compatible **iOS** Device with **Bluetooth LE** capacity.

Note: There are many other models of the **Etekcity** scales available. Only models purchased via barkeepapp.com are certified to work with BarkeepApp. Other models will not work with BarkeepApp and are not supported by Barkeep. We are not able to provide assistance with or answer questions about scales purchased elsewhere.

Digital Scales with Manual Entry – If you would like to manually enter partial bottle weights into BarkeepApp, you can use any digital scale to weigh the bottles and choose the Weight Format in BarkeepApp that matches your digital scale.

Weighing Kegs – Barkeep offers the **Accuteck Keg Scale**. The scale comes with an extended digital screen for convenient use. It is designed to hold up to 440 lbs.

BarkeepOnline – Is a hosted service that can be accessed from your web browser.

No Barkeep software is required on your PC or Mac; the only requirement is an internet browser.

Some users choose to install BarkeepApp on their MacBooks, this is supported but not required for BarkeepOnline.

Please refer to the [Barkeep User Guide](#) System Requirements for further details.

If you'd like to purchase the optional hardware and accessories including **Linea Pro, Infinea Tab, NexusConnect** and the **Etekcity Luminary** and **Accuteck** digital scales —

visit our online store at barkeepapp.com

¹ The **Infinea Tab** scanner has been discontinued by the manufacturer. Barkeep users with an existing **Infinea Tab** should still be able to use it with their **iPads**.
